

**Oortunitas Board Meeting 28 February 2022**

**Oportunitas Limited – Business Plan 2022/23**

**Prepared by Lee Walker and Gavin Edwards**

**Summary:** This paper presents a Business Plan for Oportunitas Limited for the 2022/23 financial year and also provides an indicative financial forecast for the 2023/24 financial year. The preparation of an annual business plan in advance of the financial year is a requirement of the Shareholder's Agreement with the Council. The business plan is required to be submitted to the Shareholder for approval.

**Recommendations:**

**The Board agree the Business Plan for the 2022/23 be submitted to the Shareholder for approval.**

## **1. INTRODUCTION**

1.1 This document presents a business plan for Oportunitas Limited, the Council's wholly owned housing and regeneration company, for the period 1 April 2022 through to 31 March 2023. Following success in the trading period from its inception in September 2014 to March 2022, Oportunitas will:-

- continue to invest in a Housing Acquisitions & Rental Programme – a land and property acquisition and conversion/refurbishment programme to provide residential properties to let to local people at rental levels at market rates, and
- explore commercial investment opportunities in line with its objectives, where the financial returns required in the Business Plan can be demonstrated.

### **1.2 The Company's Objectives**

1.2.1 The objectives are set out in Schedule 4 of the Shareholder's Agreement. These objectives formalise the scope of the intended activities, and are stated as follows:

- To lead the co-ordination and brokerage of regeneration, economic and development activity;
- To acquire housing and property to make available housing for rent and sale on a range of tenures including (but not limited to) shared ownership, shared equity, market sale and rent, affordable rent;
- To lead site development activity including securing private investment interest where appropriate;
- Facilitating partnership development arrangements to bring forward housing and employment site opportunities across the district of Folkestone & Hythe, including where appropriate joint ventures with other organisations;
- To develop residential housing either for market rent or private sale or in partnership with a registered provider of social housing;
- To develop or hold commercial employment or industrial uses of land and buildings;
- To develop or carry out such infrastructure works as are required to deliver any development or project;
- To commission conversion, improvement works and any other professional services relating to the Business;
- To carry out such trading activities as are identified in the Business Plan, initially relating to grounds and parks maintenance; and
- To carry out such trading activities as the Council and the company may agree from time to time.

### 1.3 Capital Funding Structure

1.3.1 Cabinet approved a revised capital funding structure for the company on 28 February 2018 which resulted in a debt to equity ratio of 58%:42%, summarised below:

	Debt £m	Equity £m	Total £m
Phase 1	4.31	0.48	4.79
Phase 2	2.47	4.43	6.90
Total	6.75	4.91	11.69
Ratio	58%	42%	

1.3.2 The capital funding structure was set to allow the company to become financially sustainable in the long term while providing a suitable return to the Council as the shareholder. As part of this the debt funding was agreed at a market interest rate of 4.88%. Additionally as part of the funding agreement, a short-term loan facility of up to £0.3m was made available to the company to help manage its cash flows.

1.3.3 The phase 1 funding was fully utilised towards the cost of acquiring the company's original property portfolio of 38 residential units and 1 commercial unit up to 2018. The phase 2 funding is currently being used towards the acquisition of a further 37 units of residential property at the site of the former Royal Victoria Hospital (RVH) site in Folkestone, covered in more detail later in the Business Plan.

## 2. STRUCTURE OF THE BUSINESS PLAN

2.1 The rest of this document will review the company's activities undertaken to date and outline what is planned for the next financial year.

2.2 Progress will be kept under review by the Board at regular intervals during the period of this business plan. If changes are necessary or amendments are made during this period the appropriate processes will be followed as laid out in the corporate control documents.

2.3 The final version of the business plan approved by the Board is required to be submitted to the Shareholder (Cabinet) for approval, expected to be the Cabinet meeting due on 23<sup>rd</sup> March 2022.

### **3. BACKGROUND - ACTIVITY TO DATE**

#### **3.1 Housing Acquisitions and Rental Programme**

3.1.1 Prior to the RVH investment, the company owned 38 residential units and one commercial unit which were providing it with the majority of its revenue. The 37 units being acquired at the RVH development mean the company expect to own 76 units in total by the end of 2022.

3.1.2 Smith Woolley are the company's managing agent for all bar two of the company's residential properties, with Reeds Rains being the managing agent for the other two.

#### **3.2 Royal Victoria Hospital**

3.2.1 As part of the company's commitment to explore commercial opportunities in line with its wider business objectives, Oportunitas in its last business plan had set out its intention to purchase 'off plan' from the developer at a cost of £6.45 million, the first two phases of the proposed RVH development incorporating:

- Phase 1: The regeneration and conversion of the existing hospital building into 18 units comprising of 15x 2 bedroom and 3x 1 bedroom apartments.
- Phase 2: A newly developed block adjacent to the existing hospital building of 19 units comprising of 17 x 2 bedroom and 2 x 1 bedroom apartments.

3.2.2 Phase 1 of the development to convert the existing hospital building into 18 high quality residential units was completed and successfully transferred to company from the developer at the end of October 2021. The responsibility for the marketing and day to day management of this phase was awarded to Smith Woolley, who over the months of November and December 2021 has successfully let all units within the property at agreed market rents. This phase of the development will provide the company with an additional gross rental of about £210k per year, a yield of 6.7%.

3.2.3 The company's main focus for this business plan over the next twelve month period is on the delivery of phase 2 of the RVH development to bring forward a further 19 high quality units into the company's portfolio. The developer, at the time of writing this plan has made significant progress in bringing forward this phase of the development both foundation works and drainage being completed as well as the installation of some services and the first floor concrete columns. The previous business plan anticipated completion of this phase during summer 2022, however with construction delays in delivering phase 1 due to the pandemic, the completion of phase 2 is now forecast for autumn 2022.

3.2.4 Should there be any further delay to phase 2 of the scheme or it takes longer than anticipated to let all the units on completion then this is likely to adverse effect on the profit and loss position for the company over and it will take longer to clear the accumulated losses outlined in section 4, below.

3.2.5 The acquisition of phase 2 of the completed scheme will generate an additional gross income of £214k per year which is a yield of about 6.5% on the investment. This yield is comparable with the existing property portfolio and in line with the company's target return.

3.2.6 In addition to the projected financial benefits to the company, the investment in the scheme continues to secure a regeneration benefit to this locally significant site within central Folkestone and will complement the Council's ambitious vision set out within its approved Place Plan for the future of Folkestone Town Centre.

### **3.3 Stock Condition Survey of the existing portfolio and EPC ratings**

3.3.1 The company has been informed by Smith Woolley of two properties within the portfolio that will be in need of significant external maintenance and preventative work within the next two year period – 82/84 Leyburne Road, Dover and 19 Castle Hill Avenue, Folkestone. £64k has been provided within the proposed budget for 2022/23 for the cost of these works. The managing agent will obtain a series of quotations for this maintenance work that will enable the company to consider and select the most suitable contractors for the work.

3.3.2 More widely, the proposed budget for 2022/23 includes £20k towards the cost of undertaking of a full stock condition survey on its portfolio to establish a detailed understanding of the general condition of its properties. This will enable the company to establish a longer term plan for property maintenance as well as forecasting the future investment required.

3.3.3 In line with the Council's climate change agenda, the company will work towards ensuring that all properties within the portfolio achieve a minimum of an EPC grade C by 2030 in line with the Council's own HRA stock. The results of current EPCs will also be captured as part of a future stock condition survey undertaken and will provide the company with a baseline to then determine a future programme of priority of works for the retrofitting and upgrading of properties within the portfolio to ensure they meet the highest standards of energy efficiency.

### **3.4 Property Portfolio Value and Yield**

3.4.1 In summary the current property portfolio;

- has its rents set a market rates,
- is generating an average gross yield of 6%,
- has seen its gross value increase by 20.7% or £891k since acquisition to 31 March 2021,

3.4.2 The property portfolio is in the process of being revalued at 31 March 2022. Although, at the time of writing, these valuations are not available, HM Land Registry data for 2021 shows local residential property prices have seen an average increase of about 13% for the year. The latest valuation of the company's portfolio as at 31<sup>st</sup> March 2021 valued the company's portfolio at over £7.7million, including the payments made on account for the RVH scheme.

### **3.5 Grounds Maintenance Activity**

3.5.1 The company, originally offered a wide range of gardening and grounds maintenance services to both local residents and businesses that utilized the resources of the Council's Grounds Maintenance Unit as part of its diversified commercial offering. The company's previously approved business plan (2020-22) reflected a realignment of this service due to a reduction in the capacity to provide this service and the overall long term commercial viability of providing these services against local competitors within the market. The service has continued to focus on offering tree related work to external

customers, which has allowed the company more widely to focus on seeking out development and investment opportunities within the property market to generate greater commercial returns for the shareholder.

3.5.2 This realignment of the grounds maintenance service offering has resulted in a further reduction in the net income to the company with the service receiving about £3,000 in the past financial year and is reflected in the financial position in section 4, below.

## 4 COMPANY FINANCIAL POSITION

### 4.1 Current Position

4.1.1 The company's Balance Sheet to 31 March 2021 shows an accumulated profit of £432k. However, after excluding the unrealised property valuation gain of £891k and a deferred Corporation Tax provision of £58k, the accumulated operating loss since inception is £401k. As already reported to the Board earlier on today's agenda, the operating loss is projected to increase by a further £68k to £469k in the year to 31 March 2022.

4.1.2 Although the level of operating loss may appear concerning it is not unexpected. As the Board is aware, the company expected to continue to make an operating loss until it received the full benefit of the net revenue stream from its investment in the RVH scheme, now expected from 2023/24. The previous Business Plan forecast the accumulated operating loss to be about £420k at 31 March 2022. The main reason for the increase of almost £50k in the loss to £469k is due to a higher than anticipated level of rental voids for the property portfolio over the past two years.

### 4.2 Profit and Loss Projection for 2022/23 and Initial Forecast for 2023/24

4.2.1 The company is expected to make a small operating loss of about £4k in 2022/23 before it is forecast to return a profit after tax of about £55k in 2023/24, the first year it is expected to receive the full benefit of its investment in the RVH scheme. This will leave the company with an accumulated operating loss £417k at 31 March 2024. Further detail of this shown in table 1 below:

<b>P &amp; L Operating Loss c/f</b>	<u>(472,491)</u>	<u>(417,879)</u>

4.2.2 The budget for 2022/23 includes provision for the following special items within the housing rental expenses:

	£
i) External redecoration and repairs to 19 Castle Hill Avenue	35,200
ii) External redecoration and repairs to 82/84 Leyburne Road	29,100
iii) Stock condition survey	<u>20,000</u>
Total special items	<u>84,300</u>

4.2.3 The housing rental budget for 2022/23 includes the £60,000 income expected to be received from disposing of the parcel of land adjacent to the property at Leyburne Road, Dover. This will help to offset the cost of the special items shown above in 4.2.2.

4.2.4 It remains the company's aim to reduce its accumulated operating loss over time and to generate a return a surplus that could allow it to make a dividend payment to the Council as its shareholder or consider further property investments. Indicatively it may take between 6 to 8 years to offset the accumulated operating loss. However, this will be dependent on the outcome of the stock condition survey in particular.

### 4.3 Company Cash Flow Forecast

4.3.1 The company's cash flow forecast for the period of the business plan to 31 March 2023 and the year after is shown in the table below:

Table 2 Cash Flow Forecast

31/03/2022 31/03/2023 31/03/2024

	£'000	£'000	£'000

Loan Funding	300	2,170	-
Equity Funding	1,040	-	-
Cash c/f	149	105	122

4.3.2 The cash flow forecast demonstrates the company has sufficient cash resources available to it to meet its existing commitments and planned expenditure for the next two years including the investment in the RVH scheme without having to call upon the £0.3m short-term loan facility available to it from the Council.

#### 4.4 Shareholder Benefit

4.4.1 The net shareholder benefit to the Council from Oportunitas for the period from 2021/22 to 2023/24 is shown in the table below:

Table 3 Shareholder Benefit

	2021/22 Projected Outturn £	2022/23 Budget £	2023/24 Forecast £

## 5. FUTURE ACTIVITIES

5.1 At this stage the company remains focused on completing the acquisition of phase 2 of the RVH scheme to enable it to become financially sustainable in the long term. The outcome of the stock condition survey will help to inform a longer term repairs, maintenance and improvements programme for the company. It may also help to inform on whether or not the company should consider reviewing its property portfolio in the longer term to ensure it continues to deliver an optimum financial return.

5.2 By the end of the next Business Plan period the company will have been in existence for 9 years. Once the second phase of the RVH scheme is completed it would be prudent for both the company and the Council, as the shareholder, to consider the future role and direction to be taken, including the financial benefit to both parties.

## 6. RISK MATTERS

### 6.1 *Company Risks Identified*
